ESTAB 1880 GREATEST TAILORING CONCERN ON EARTH 1880

The Banner Deal of Our Business Career Means Unheard-of Values for You

\$12.75 TO ORDER

With a view to creating a large future demand for their fabrics, several small but exclusive mills, weaving exceedingly high-grade woolsens, have entered into a most remarkable arrangement with us. For one year, the entire product is to be confined to us—introduced to the wearer through our enormous outlet of 160 stores.

According to the terms of our agreement, these fine fabrics come to us at an small margin of profit over and above actual cost of production that we will be in a position to make suits and overcoats to order at one-third to one-fourth the figures charged by high-priced tailors for equal quality.

Watch this paper for our weekly announcements of Special Offerings. It will prove profitable to you.

THE SAME OLD STORY

Our Spring Showing, as usual, is weeks in advance of other houses, and thousands of our customers will be wearing the newest Spring fabrics and style of garments while some tailors are still taking their semi-annual "Rip Van Winkle."

AS AN EXHIBIT OF TAILORING ART OUR WINDOW DISPLAY NEVER HAS BEEN EQUALED

Our UNCALED-FOR DEPARTMENT was so successful last season that we shall continue to sell the uncalled-for Suits and Overcoats from our numerous stores for less the amount of deposit left on each order.

Attention—The introduction of special lighting effects makes night purchasing at our store as safe regarding color selections as in the sunlight.
